A P A R T M E N T S

Furniture placement in apartment cards is only recommended and orientational. Final furniture placement is free on the will of the Client. If the client wants to change position of kitchen cabinets or bathroom equipment it is necessary to coordinate changes with the general architect and building manager.

The building is under construction therefore final dimensions of the rooms and flats will be specified after finished final surfaces.

Apartment area is considered as built area (including the internal partition walls).
